Cougars Thump Aggies, 93-76

By Mark Murphy

SN ROWE, forgotten man Igham Young University's ftball team, completely re- ed himself after last week's ss showing in leading the ful Cougars to a 93-76 trouncing of Utah State's ated Farmers Friday night a capacity crowd of t a week previous to Fri-

day's encounter, Rowe drew a complete blank at Logan as the league leading Cats dropped a 76-75 heart stopper to the tough Aggies. With a couple of hustling sophomores vying for his starting berth it was now or never for the lithe Cougar forward, and he played with a vengence.

ROWE hit for a vital 20 points, led the Brighams in rebounding and efficiently sifted the Farmer's biggest scoring threat, Ted Smith. In fact, Smith was completely shut out in the first half and finally ended up with a 12 point total, far below his near 20-per game average.

Prolific point production by both teams eclipsed by one point the cumulative scoring record for George Albert Smith Fieldhouse. The total of 169 markers garnered broke the previous mark of 168 held jointly by BYU and Montana since 1956.

WITH WHISTLES blowing every second breath, another fieldhouse marker was shattered into oblivion. Both quintets broke the high mark for total free throws scored The Wattsmen hit for 39 and the Aggs totaled 32 Utah and BYU each made 39 in 1955 for the previous record.

With records going down the drain and the Cat dribble palace humping with roars of approval, the Cougars completely dominated play after the first eight minutes.

AFTER the lead had changed hands five times in the early going, Roy Thacker hit a jump shot from the key to put the winners ahead to stay. Harry Anderson, Tom Steinke and John Benson hit three fast ones to jump the Cats ahead 20-12 From then on the lead fluctuated around the 10 point mark until later in the game when the Cougars broke the festivities wide open.

Two nifty hook shots by center Joe Lockyer of the Aggies, leading scorer for the evening with 23, pulled the visit-

VOICE OF THE BRIGHAM YOUNG UNIVERSITY COMMUNITY

9, No. 73 Monday, Jan. 28, 1957 Provo Utah

tah Symphony Orchestra To Play ommunity Concert Series Tonight

The Utah Symphony Orches under the baton of Maurice rabel, will perform Mon- at 8:15 p.m. in the Smith ditorium at Brigham Young versity.

e program of favorites will with "Russian and Lud- Overture" by Glinka. Two major symphonies, Tschaikovsky's Symphony No. 8 in B Minor (Pathetique) and Beethoven's Symphony No. 5 in C Minor, will follow.

Sponsored by the Community Concert series, this Provo visit is part of the 17th season series for the organization.

ngarian Sends Second Letter eading For Food, Clothing

by Sally Arnold

VERAL WEEKS ago the Universe published a letter from Hungarian refugee, ah Mikko, to Brigham ng University student Eric in from Sweden.

true soap-opera fashion, the left "Mikki" in an Austrian refugee camp, awaiting a ge to go to friends in Zu- Switzerland.

LODIN has translated a second letter from "Mikki" telling his success in reaching Switzerland and includes an epics for help for his fam-

e letter:

ear Eric, You should ow that I no longer live in gary. I had to flee, after-

wise the Russians would have deported me to Siberia.

"I have good friends in Switzerland. Through thousands of dangers to my life did I cross the border, naturally in the night, yet I give God praise for my safety.

"I live here very well, but I am homesick. I have lost everything, I fled just with my briefcase.

"MY POOR parents remained in Hungary, as did a brother and younger sister. It is terrible, O dear Eric, life is so bitter.

"Thanks from my heart that you promised to help me, but please send me nothing. Here in Switzerland I have food and an apartment.

"However, if you could gather enough for a package, please be so kind and send it to Hungary, address: Kenneth Mikko, Komarom, Kosnuth 6, Hungary, Mikko."

Because of high postage rates, students who would like to mail packages are encouraged to form small groups and share expenses.

ler Henry Moyle Speak Tuesday BYU Devotional

nry D Moyle, member of Council of the Twelve Apos- of the Church and ent of Latter-day Saints is luled as speaker for devo- l assembly Tuesday. ler Moyle has been an ve since January 23, 6, 1947, when he was ined in general conference e church.

Youth Needs To Know . . .

AF Meet To Feature Ferenc Nagy

DR. FERENC Nagy, first elected president of Hungary, will be the featured speaker at the second Air Power Symposium in Salt Lake City, Feb. 1 and 2.

"Youth Needs To Know" is the theme of the symposium, sponsored by the Utah Wing of the Civil Air Patrol, which has organized to bring together all interested groups for the study.

According to Col. Barnett S. Allen, professor of Air Science at Brigham Young University, the theme was chosen because of the present shortage of scientists and apparent lack of sufficient interest in exact sciences on the part of American youth.

OTHER speakers at the two-day conference will be Dr. Dean Woolridge, one of the world's outstanding scientists in the missile field, Brigadier General Robert L. Scott, author of "God Is My Co-Pilot," and Dr. Ronald Spaulding of New York University.

Program for the two days will include a luncheon, jet age conference and air fraternity rally on Friday.

Saturday's program includes an air power education symposium, air power awards luncheon, youth forum, air power conference and the Air Force Anniversary Ball. Everything but the ball will be at the Hotel Utah in Salt Lake City.

DR. NAGY, who will address the Saturday banquet, was the last democratic Prime Minister of Hungary. He was elected by the Hungarian parliament in 1939. He fell into the hands of the Gestapo, when the Germans struck at Hungary. He escaped and his name remains prominent in the underground until the war ended.

By that time Hungary was under complete Soviet occupation. At the end of 1945 the last free general election was held in Hungary and Nagy was voted prime minister Russian leaders decided he "had to go" and seized his five-year-old son who had been left in Hungary, while his parents were vacationing in Switzerland—and held him for ransom—the ransom being Nagy's resignation.

For the last nine years Nagy and his family have been living in the United States where he has written numerous magazine articles and a book entitled "Struggle Behind the Iron Curtain," as well as lecturing and making many television appearances.

Tickets for the symposium ball and further information regarding the program are available in the AFROTC offices at the basement of the McDonald Student Health Center.

BE IT HEREBY DECREED—Professor Snarf, alias Dr. Albert Swenson is presented the official scroll by Daily Universe Editor Ralph Barney, Worthal, Duane Hiatt and Louise Lush, Karen Jenson ogle on. (Photo by Larry Heppler)

In past years, Abravanel has always expressed his admiration of the acoustics of the Smith Auditorium and his appreciation for the enthusiastic audiences.

Abravanel's long experience with the orchestra has welded it into a smoothly-coordinated group. The musicians follow their conductor with confidence and the orchestra is known for its convincing tempi and sure balance of forces.

1400 Tickets Sold To Scheherazade; Friday's All Gone

Ticket sales for "Scheherazade" this year's Junior Prom, passed the 1400 mark last week with Friday night's supply completely sold out.

The 1400 sales up to now represent a 300 ticket increase over last year's total ticket sales.

Roger Victor, prom chairman, reported that while total number of tickets sold this year has passed last year's total, the dance floor should not be crowded. Refreshments will be served to the couples at any time during the dance.

Refreshments will be served on the main gymnasium floor of the fieldhouse.

Besides the new system of refreshments and intermission, attendants will be on hand to park cars. Cars will be parked in numbered stalls, eliminating the need of searching for parking space.

2 Sophs, Bishop Win Election; Named Typical BYU Biblerites

Two Brigham Young University sophomores and a professor-bishop were elected to reign at last Friday's Bibler Bounce.

Duane Hiatt, Payson, and Karen Jensen, Arcadia, Calif., were selected by BYU students in last Thursday's assembly to fill the honorary positions of Worthal and Louise Lush at the Daily Universe-sponsored Bounce.

Dr Albert Swenson, BY 12th Ward bishop and associate professor of chemistry, was selected as the typical BYU representative of all that's not too kindly in Professor Snarf

In scrolls, presented by University Editor Ralph Barney at the dance, the selected characters were honored as "shoddy, non-scholastic, disputable lout" (Worthal), "most unscholarly, least uninteresting type of campus womanhood (Louise) and a combination of the "sadistic tendencies of the BYU faculty and . . . own abominable habits."

A total of 24 candidates were entered in the Bibler character race

Worthal Hiatt provided added entertainment with vocal music.

The dance, an annual event was held in four halls—Smith Fieldhouse, Smith Mansion, Social Hall and Smith Family Living Center Ballroom.

It was the first time a student-body dance has been held in the new Family Living Center.

Soph Class Officer Replacement Set

The office of vice president of the sophomore class has been created, according to Lacy Jones, sophomore class president.

A new vice president will be elected by remaining class officers through personal interviews which will be held Wednesday from 6-8 a.m. and Thursday, 3-4 p.m. in the East Council conference room basement of the Student Service Center.

Applicants are asked to sign up for an interview time on the bulletin board basement of the Student Service Center.

Possibilities Unlimited . . .

'Want' Ad Gets Deluge of Calls

by Vicki Soha
Daily Universe Writer

WANT A DATE? Put an ad in the Daily Universe.

The advice comes from the "charming voluptuous Daily Universe writer" who didn't especially need a date for the Banyan Ball, although the gallant men of the staff seemed to think she did.

The ad which ran two days, drew calls from 3 p.m. to 11:30 p.m. on Monday and from 12 noon to 12 p.m. on Tuesday.

At 9 p.m on Monday a fellow with an Irish accent from New Castle, England, called

A call was even received from a University of Utah student. The possibilities are limitless when advertising is used

THE PRIME questions of many students were: "Do you have all the reservations filled?" "What are 'your' qualifications?" and "What are your measurements?"

One applicant from Omaha, Neb., who had red hair (but no freckles) liked Elvis to dance to.

All classes were represented.

A freshman student from Miami, Fla., stated that "There's nobody can dance better than me. I'm very humble too." This hopeful was "handsome, very well built and personable."

ONE CANDIDATE from New who was "very good looking" assured the poor girl that "you can't go wrong."

One bold fellow called with his fiancee sitting right beside him. He said he wanted to step out once in a while. Later he admitted that he was just publicity hungry.

Some mixed-up characters called the wrong number and applied for a Soc 13 lab.

All interests were represented, from engineering to music theory and geography to counseling.

Many applicants had all the desirable qualifications for the "ideal prospect" type. They were returned missionaries, they had completed a tour in the service, and they were serious—all in one.

These fortunate people should make their appeal to Chi Sigma XXV, not to personal classified ads.

Film Festival Coming To Provo

ORDER to bring quality! ilms to Provo, the Central Film Guild has been or- ed by a group of BYU stu- nping to institute an annual festival" such as has been ssfully held in Logan and r small towns, the film guild secured the cooperation of women's clubs, Parent- hers Association, and the- officials to bring a series of foreign films to the Uinta dire for limited showings to ect audience.

cluded in the series which e Jan 30, are "The Ballet Romeo and Juliet" and ges of Fear," both Cannes Festival grand prize ners, and "Madame Butterfly," in technicolor by a Japan- troupe with Puccini's score by an Italian opera com- k.

The series opens with "We Ceordie," a Scottish Highlands comedy, which has been com- pared to "Tight Little Island."

Rounding out the series are the French "Riffifi" and Maurice Chevalier's "My Seven Little Sins."

THERE WILL be four show- ings of each film, one each on Wednesday and Thursday eve- nings at 8 p.m., and two on Fri- day at 7 and 9:30. Modern art will be displayed and during a brief social break, light refresh- ments will be served gratis to provide an art-theatre setting. Popcorn and vending machines will be shut down to eliminate disturbances.

One feature of the series is the subscription ticket which al- lows six separate admissions at substantial savings over single admission prices.

The holder of this ticket is free to use up the admissons as he sees fit, since it will admit six people to one film, three people to two films, or the hold- er to all six.

Student subscription rates are $3 and tickets can be purchased from student salesmen, Utah Of- fice Supply, or at the Uinta Theatre.

Writing Class Set For Wednesday

A non-credit writer's lecture series is opening, featuring spec- ialists from Brigham Young Un- iversity and the Improvement Era staff.

Several areas of writing will be covered during the eight week course which begins Wed- nesday and continues every Wednesday evening until March 13. Classes will be held from 7:30 to 9 p.m. in 211 McKay Building.

Fee for the class is $8 with a late fee of $1 being charged for those registering after the first class meeting.

Titled Writing for Purpose and Pleasure the course will cover short story, essay, fiction, poet- ry, drama, radio and TV and feature article writing and writing for church publications.

Registration is being handled through the Extension Services Office.

What young people are doing at General Electric

Young engineer pioneers new ways to use x-ray

A new x-ray inspection system which intensifies an x-ray image more than 10,000 times in brightness and transmits it to a conventional TV screen has been developed recently by General Electric. When perfected, it may en- able medical specialists to perform "long-dis- tance" diagnosis on patients in remote areas.

One of the principal men who developed x-ray television—called TVX for short—is Dr. John E. Jacobs, Manager of the Advanced Develop- ment Laboratory of General Electric's X-Ray Department in Milwaukee, Wisconsin.

Jacobs' Work Is Important, Responsible

As an electronics specialist, Dr. Jacobs' work in the past has been devoted to the study of photoconductors—substances whose properties change under the influence of radiation—and the use of x-ray in industrial inspection. This in turn led to his development of the x-ray- sensitive camera tube used in TVX.

His present administrative duties with the Advanced Development Lab allow him more time for teaching others what he has learned. He now teaches the second-year graduate course at Northwestern in vacuum-tube networks, and has recently been named McKay Visiting Pro- fessor for 1957 by the University of California at Berkeley, where he will give a two-week series of lectures on photoconduction.

27,000 College Graduates at General Electric

Since his youth, when he was a licensed radio "ham," John Jacobs has been devoted to the study of electricity and electronics. Like each of our 27,000 college graduates, he is being given the chance to grow and realize his full potential. For General Electric has long be- lieved this: when fresh young minds are given the freedom to develop, everybody benefits—the individual, the Company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

DR. JOHN E. JACOBS joined General Elec- tric full time in 1948, after receiving his B.S. in electrical engineering in '37, his M.S. in '38, and his Ph.D. in '39, all at Northwestern Univ. He served in the Navy in World War II, and worked part time at General Electric while a college

Progress Is Our Most Important Product

GENERAL ELECTRIC

Tired Cougars Turn Back Strong St. Mary's Club In Second Period

by Rich Hall

TIRED, AND suffering from normal letdown following their 93-76 victory over Utah State Friday evening, Brigham Young University's league leading Cougars outlasted a strong St. Mary's team 69-65 Saturday night.

The game was undecided right down to the final buzzer, with BYU pulling ahead and the Gaels rallying back to close the gap. The first period was one of the closest the Cats have played this season, with the lead changing hands 14 times before the Brigham boys could pull out to hold a 42-36 halftime lead.

WITH AS little as seven minutes left in the ball game for a score was 57-55 in favor of the Cougars, but at that point the BYU squad began to pull away. As time ran out, the Gaels were battling back, but were unable to move into the lead.

Three men split the high scoring honors for the Cats, Leon Rowe, Harry Anderson and Tom Steinke all pushing 16 points through the basket. Roy Thacker followed closely with 13, and John Benson racked up 8 to help the cause.

ROWE continued his top performance of the night before, turning a couple of early bad passes into lay-ups, and showing well on the boards and in his floor game. He was also hitting on a jump shot from the outside.

Anderson turned in one of his better performances as far as the scoring column goes. He coupled his drive-ins with a jump shot off the dribble which proved hard for the Gaels defenses to contain. His floor play was as good as ever, with the St. Mary's club finding his dribbling and maneuvering around the floor a little nerve-racking.

Cats Take Firmer Grasp On League Number One Spot

(Continued from page 1)

ory up to a 46-38 deficit at the half.

BRIGHAM Young's established custom of roaring back after the rest period proved the Farmer's downfall. Of their first 13 shots in the second canto, the Cats hit for a torrid percentage as they cashed in on seven of the attempts to rush into a commanding 69-56 lead.

At this point, Harold Theus, who demonstrated to unbelievers that a man can jump flat-footed and bang his head on the hoop, departed via the foul route. With Theus went the last glimmering of Aggie hopes as the springy Farmer had been half of the State rebounding game.

WITH TEN minutes remaining, Rowe hit a twister from the corner to rush the Cougars into a 75-58 lead. With the game wrapped up, Watts inserted his eager sophomores to freeze the ball, much to the consternation of the Aggies

Indians Bite Mat Dust...

BYU Wrestlers Turn Utah Every Way But Loose, 17-9

by Jerry Cunningham

VICTORY is always sweet against Utah, no matter what the sport.

Well over three thousand fans cheered Brigham Young University's wrestlers to a decisive 17-9 shellacking of Utah immediately after the basketball game Saturday night.

The tenacious Cougars whipped their Indian rivals in five out of eight weight divisions and had an insurmountable 17-3 lead going into the last two matches.

THE WIN gave BYU a 2-1 season record and a 1-1 league mark. The Cats having posted a victory over Western State College of Colorado while losing to Utah State.

Coach Allan Davis' eager grapplers, a group made up largely of underclassmen will cut a senior on the team, we branded "green and inexperienced" at the outset of the season.

WESLEY Packer, 123 pounder, got BYU a lead they never relinquished as he decisioned George Brinkerhoff 3-2.

Rodger Overson made it 6-0 as he registered the only pin of the dual meet against Bill Tohiki of Utah in 1:40 of the second period.

Milton Moore had little trouble decisioning his Indian foe, Norm Tachiki, 5-2 in the 137-pound division which put the Cougars ahead 11-0.

BYU'S WALLY Baker, 147, was decisioned by Gary Francis 0-0 and then Leroi Davies used his great strength to advantage in whipping Utah's Dick Winget 10-4 in the 157-pound class.

Cougar Ted Willeh squeaked by Glen Payne 2-1 in the 167-pound division and BYU had a 17-3 lead.

Utah's Bob Lee, one of the finest grapplers in the conference, could not pin Merrill Cleron, who wriggled out of pinhold after pin-hold just as he looked as if he were down for the count. Lee came off with a 13-2 decision.

HEAVYWEIGHT Dave Hansen of BYU sustained his first defeat of the season at the hands of Paul Tanner in a close-fought match, 3-1.
